Dear Mr. Palzkill,

Please find enclosed the cover letter and certified/return receipt as well as the annual certification report referenced as missing in your letter. Interplastic Corporation believes that the certification was submitted as required.

During the August 28, 2008 MPCA air quality inspection of this facility, the MCPA staff noted that they did not have a copy of the 2007 annual certification report submitted in January 2008. At the time of the inspection, an additional copy of the report was given to Brent Rohne and Jennifer Lovett. Mr. Rohne and Ms. Lovett were also shown the submittal cover letter and certified/return receipt of the submittal to the MPCA in January. In addition, please note that the submittals were received by the MPCA on January 31, 2008, and, at that time, there was no notification to Interplastic Corporation of the submittal being incomplete.

If you have any additional questions or concerns regarding this information, please contact Sheri Peterson at (651)-757-3983 directly or through our switchboard at (651) 481-6860, ext. 313.

Sincerely,

Gary Severson
